25X1 14. [ ] LIAISON Spoke with Tom Latimer, Staff Director, House Permanent Select Committee on Intelligence, about deleting Case Act reporting from the agenda of the Director's meeting with the Committee next Wednesday in view of the arrangements worked out with the House International Relations Committee on which Latimer has been briefed. Latimer agreed and acknowledged that this would facilitate the addition on the Director's briefing of the role of the DCI to the agenda which was originally scheduled to include only covert action reporting and the Case Act subjects.

I advised Latimer of the FOIA appeal action which was being taken by Representative Les Aspin (D., Wis.), a member of the House Select Committee, in his personal capacity in an effort to obtain the release of information on Soviet naval forces.

I also asked Latimer if he knew whether Speaker Thomas O'Neill (D., Mass.) had been briefed on the "problem" involving the House International Relations Subcommittee on International Organizations. Latimer said he was quite sure that the Speaker had been briefed

25X1 15. [ ] BRIEFING Ivo Spalatin, Staff Director, of the House International Relations Subcommittee on International Security and Scientific Affairs, called to ask if the notes that he and Bill Fite, of the Subcommittee staff, took at the 13 October briefing which they received from [ ] NFAC/Chief, 25X1 SALT Support Staff, could be sanitized and sent to them. The notes can be stored in the International Relations Committee safes if necessary. I passed the request to [ ] NFAC/CSS, who 25X1 will review the notes.
